

**CANDIDATE FOR GOVERNING BOARD MEMBER
HESPERIA UNIFIED SCHOOL DISTRICT**

NAME: ERIC SWANSON

OCCUPATION: Governing Board Member, Hesperia Unified School District

During my term as your Hesperia School District Board Member, I have worked hard to listen to your needs and to work to make your children's education my top priority. Together, our Board has done this by adding over 400 teachers, opening three new elementary schools, and I'm proud to report that we will have new middle and elementary schools opened next year!

Working closely with builders and developers to make sure they pay their fair share, we have seen tremendous cooperation in increasing new home building fees. These industry-paid fees have more than doubled, allowing us to build new schools throughout the district.

However, I am most proud to announce that, working together with teachers and parents, we have seen increases in the State Performance Standard, "Academic Performance Index (API)" school scores, from 500-600 to 700-800!

I believe that my 25 plus years of business experience allows me to bring the common sense and results oriented approach of the business world to the education system. As my wife and I prepare our children for school, we want Hesperia schools to be the very best.

On November 7th, please vote **ERIC SWANSON** for Hesperia Unified School Board.
